NEW RAIN AREA
SWEEPS INLANDStorm Moves Southward
from OceanTraffic at Sea Near Normal
Once MoreDamage Reported from
Various Sections

(EXCLUSIVE DISPATCH)

SAN FRANCISCO, Feb. 5.—The end of present weather conditions is not yet in sight. Storms at sea and rains inland are predicted again for tomorrow by forecasters of the United States Weather Bureau, who say that a new storm area has developed in the North Pacific and is moving southward and inland.

Disturbances of lessening intensity, however, and ocean traffic today was reported as almost back to normal. Fear of floods in the Sacramento Valley was dispelled this afternoon when the rains ceased and the swollen river slowly began to recede. Railroad traffic along the main line of the Southern Pacific was resumed after being held up for twelve hours by a wash-out at Cow Creek Canyon, just opposite San Rafael. No damage was reported, and the tug San Salvador is standing by to pull the Mainland clear at high tide at 5 o'clock tomorrow morning.

Following are rainfall figures for past twenty-four hours ending at 5 p.m. today.

Station	24 hrs. to date	Last year
Eureka	14.00	11.85
Red Bluff	14.00	11.85
Sacramento	7.84	9.88
San Francisco	60.15	38.29
San Jose	11.85	14.85
Stockton	6.32	8.01
	48.35	8.88

TOTAL BELOW NORMAL.

Hundreds of an inch of rain fell in San Francisco early today, making a total of 7.4 inches for the twenty-four-hour period ended at 5 o'clock this morning and 11.15 inches since January 23, last, when the present wet weather period started. The total rainfall this season is 12 inches, against a normal of 12.24 inches, and 14.19 inches at this time one year ago.

Storm damage was reported from various parts of the State today. At Marysville workmen struggled night and day to save an auxiliary levee at Marygold which holds back a large lake of sewage water along the Yuba River. Tonight they were reported as having the situation well in hand.

Serious slides blocked the Redwood highway were reported in Mendocino and Humboldt counties. There were slides at Cummings and both north and south of Garberville. It was estimated that it will take several days after the rains stop to open the Redwood highway for traffic.

SLIDE DAMAGES TRISTLE.

A huge slide at Scotia in Humboldt county late yesterday afternoon dammed a 12-foot trestle of the Northwestern Pacific Railroad along Scotia Bluffs and virtually isolated Humboldt county from the south. The slide was 250 feet in length. Workmen set to work immediately, and it was estimated that traffic along the railroad could be resumed in two days.

Two maritime mishaps were

reported today.

AIRMEN HELD UP AT RIO JANEIRO

Plane Damaged by Crash of Welcoming Boats

Spanish Flyers Delay Hop to Buenos Aires

Clothes Thrown Overboard in Accident to Blade

(BY CABLE AND ASSOCIATED PRESS) RIO JANEIRO, Feb. 5.—Resumption of the flight to Buenos Aires by the Spanish trans-Atlantic aviators tentatively fixed for Sunday, may have to be postponed. It develops that their seaplane was slightly damaged by the crash of surrounding boats after Commander Franco and his comrades arrived yesterday from Pernambuco.

Present indications are that the aviators will not leave here until Monday at the earliest. The flight leader was still in bed this morning when newspaper men called but Pablo Rada, the mechanic, talked for a few minutes about the flight and then went out to buy some clothing to replace that which the aviators had to throw overboard when threatened with disaster by the breaking of a propeller as they neared Pernambuco.

He said that the seaplane flew low enough over Bahia yesterday to hear the shouts of the people and that in many other towns and villages along the coast they saw crowds waving a welcome.

ITALIAN FLYER TO GIVE UP TRIP

(BY CABLE AND ASSOCIATED PRESS) CASABLANCA (Morocco) Feb. 5.—Count Casagrande, Italian aviator, has been forced to abandon his flight to Argentina. An engineer sent from Italy has found the Count's plane too badly damaged to proceed without extensive repairs, which it will be impossible to effect here. The plane will be dismantled and sent to Italy.

Count Casagrande started his flight from Genoa on November 4 and arrived at Barcelona, Spain, the next day. Thence he flew to Cartagena, Gibraltar and Casablanca, arriving at the last-named place on November 19. Delayed by bad weather, he finally hopped off on November 26 for the flight to the Canaries, but was forced back by storm.

A series of violent gales followed and on December 24, his plane was blown from its moorings and wrecked.

KELLOGG SENDS AIRMEN AMERICAN GREETING

(BY CABLE AND ASSOCIATED PRESS) RIO JANEIRO, Feb. 5.—Edwin V. Morgan, American Ambassador, delivered the following message from Secretary of State Kellogg to Commander Franco this afternoon: "The President desires that upon the arrival at Rio Janeiro of the Spanish aviators from their trans-Atlantic flight you express to them his hearty congratulations and those of this government upon the success of their undertaking."

TRIAL COST IN MITCHELL CASE \$35,000

Estimate Made Known by Appropriation Committee Reports

(EXCLUSIVE DISPATCH) WASHINGTON, Feb. 4.—The court-martial of William Mitchell, formerly chief of the Army Air Service and who resigned a few days ago rather than remain in the Army as a colonel on half pay, cost the War Department more than \$35,000. This became known when reports of the executive session hearings of the appropriations committee were published. Maj. Gen. Hull, Advocate-General of the Army, told the committee, "when he appeared, that the total cost was not yet known but that it would mount above \$35,000."

During the fiscal year of 1925, Maj.-Gen. Robert Davis, Adjutant-General of the Army, charged there were slightly more than 13,000 desertions from the Army reported, or 7.13 per cent. of the entire strength. During the same period there were 5079 general court-martials, involving 5475 officers, enlisted men and cadets at the Military Academy, Gen. Hull reported.

FARMERS FEAST PRINCE

Wales, With Arm in Sling, Feted By British Agriculturalists

(BY CABLE AND ASSOCIATED PRESS) MELTON MOWBRAY (Leicestershire, Eng.) Feb. 5.—With one arm in a sling and strapped closely to his body and waited upon by a bevy of rosy-cheeked, brightly-dressed farmers, the Prince of Wales had a feast here last evening with a crowd of local farmers.

His hosts were men over whose farms in Leicestershire, Wales often has galloped and sometimes rolled when he came a cropper, while following hounds. The arm in the sling is a consequence of one of these tumbles.

The Duke of York and Prince Henry, brothers of Wales, also were guests of the farmers, many of them personal friends. And it was a free and easy dinner. Jollity was the feature. A homely fare was placed on the tables—roast and boiled joints, puddings, vegetables and simple boiled.

SENATE TO GET ALUMINUM DATA

Trade Commission Ordered to Furnish Evidence

Material Then Will be Given to Justice Department

Company Declared Unwilling to Have it Revealed

(BY A. P. MORT WIRE) WASHINGTON, Feb. 5.—Evidence furnished by the Aluminum Company of America, and withheld from the Department of Justice by the Federal Trade Commission, was called for today by the Senate.

Demand on the commission was made in a resolution adopted without a record vote. The measure was presented by Chairman Clegg of the Judiciary Committee. When the evidence is obtained, it will be made available to the Justice Department for whatever it may be worth in the investigation now being made by that agency to determine whether the Aluminum Company of America, in which Secretary Mellon is a stockholder, has violated Federal Court decrees.

Before the Senate acted, Senator Reed, Republican, Pennsylvania, said he was advised that the company had informed the Federal Trade Commission that it is entirely willing to have all of the evidence made public.

Senator La Follette, Republican, Wisconsin, remarked that he was glad to know the Senate is to get evidence which the Department of Justice is unable to obtain. Adoption of this resolution will not serve to halt Senators who are insisting that the Senate through the Judiciary Committee conduct its own inquiry into the charge of the Federal Trade Commission that the aluminum company has violated the court decrees.

INQUIRY SOUGHT Such an investigation has been proposed by Senator Walsh, Democrat, Montana, who prosecuted the recent Senate inquiry into the question whether the Justice Department has proceeded with due diligence in satisfying itself as to the truth of the commission's charge.

In a report to the Judiciary Committee, which it is to take up Monday, Senator Walsh said he made this recommendation because of the "doubts aroused as to the vigor and good faith" of the Department of Justice in prosecuting its investigation.

BROTHERS FEAR NURSE ENDED LIFE

Los Angeles Girl Missing Three Weeks After Visit in Bay City Hotel

(EXCLUSIVE DISPATCH) SAN FRANCISCO, Feb. 5.—Miss Edith Paulsen, 30 years of age, pretty Los Angeles nurse who disappeared here three weeks ago, became the object of a search today by her two brothers, Louis and Frank, who came here from the south to conduct the search. Miss Paulsen was last seen when she checked out of the Stewart Hotel here on the evening of January 15, last.

Miss Paulsen left Los Angeles on January 1, last, to spend a week's vacation here. She had just finished a difficult case, and her health was failing and she was exceedingly nervous when she left, the brothers stated, and came here to rest.

The brothers, after carrying on their investigation on half pay, today told police they feared she had committed suicide. It has been learned that Miss Paulsen did not use a return ticket to Los Angeles which she purchased. According to her brothers, one of the purposes for her trip was to sell a lot she owned in Palo Alto, but this was not done.

Policewoman Kate O'Connor today took charge of the search. The description of Miss Paulsen has been given to the police as follows: Height five feet, four inches; weight 115 pounds; blue eyes and black hair. When she left the hotel she was wearing a starred sport outfit and a light coat.

INFLUENZA CLOSES GONZAGA UNIVERSITY

(BY A. P. MORT WIRE) SPOKANE (Wash.) Feb. 5.—An epidemic of intestinal influenza, which it is estimated had affected 25 per cent of the student body, resulted today in closing Gonzaga University here. The student body numbers 600 men and boys. Classes were suspended until Monday when it is hoped the disease will have been halted. Twelve members of the faculty are in the college infirmary suffering from the malady. It was announced. The attack has been mild in all cases.

EMBARGO SUGGESTED

(EXCLUSIVE DISPATCH) NOGALES (Ariz.) Feb. 5.—The new garbanzo crop in Sonora and Sinaloa is expected to reach 40,000 sacks, with 40,000 sacks left over from last year's production. There is suggestion of an embargo on shipments, to permit the market to catch up with the output, which last year was very heavy in Spain, one of the main markets of the Mexican product.

MAY FIGHT FOR POWER IN LEAGUE

Demand of Small Nations for Seats in Council to Feature March Session

(BY CABLE AND ASSOCIATED PRESS) GENEVA, Feb. 5.—The opinion in Geneva tonight was that a fight for seats on the Council of the League of Nations may develop at the Council's March session and during the special meeting of the Assembly, also in March, to be convened for action on the admission of Germany as a League member.

The belief is held that certain powers, such as Poland, Spain and Brazil, will seize on the designation of Germany for a permanent seat on the Council to precipitate a movement for a further increase in the number of permanent seats. Poland, said to be backed by France, is basing her campaign on the fact that she is one of the

WHEN IN ROME—BEHAVE IN TAXI

(BY CABLE AND ASSOCIATED PRESS) ROME, Feb. 5.—Taxicab "petting parties" have been banished in the Eternal City by the latest edict in a nation-wide campaign against the growing influence of the "jazz age." All taxicabs equipped with shades which may be drawn across the windows have had these shades fastened shut by means of tiny locks. Each of the locks bears the lead seal of the Rome Prefect so that a chauffeur who permits a client to break it to shut himself off from public view can be caught easily. A fine is the penalty.

Commerce Body Denounced by Rail Receiver

(BY A. P. MORT WIRE) SPOKANE, Feb. 5.—Training and ability of members of the Interstate Commerce Commission to solve railroad problems was described by W. H. Bremner, receiver of the Minneapolis and St. Louis Railroad, in an address here today, as that "of the ordinary street sweeper."

To the Spokane Hoo Hoo, an organization of lumbermen, Bremner declared that "Never has there been a member of the commission who was experienced in railroad management." He attacked failure of the commission to devise a plan of railroad consolidation.

Young Scion of Famous Family Clerk in Store

(EXCLUSIVE DISPATCH) NEW LONDON (Conn.) Feb. 5.—Norman Bailey Woolworth, the only male scion of the famous Woolworth family, is clerking in a five and ten-cent store, founded by Frank W. Woolworth, his father's cousin. He's learning the business from the bottom up.

At present he has risen to the rank of assistant manager. Away from his work from 8:30 a. m. to 6 p. m., he and his bride, the former Miss Pauline Elizabeth Stanburn live in the suite in a local hotel, and have two expensive cars housed in a garage nearby.

Illinois Women Lose Appeal Jury-Rights

(BY A. P. MORT WIRE) SPRINGFIELD (Ill.) Feb. 5.—The Illinois Supreme Court today denied a rehearing of a case which would have given women the right to serve on juries.

The case was the refusal of the Jury Commission of Cook county to permit women to act as jurors. A live-stock building at the Canadian nation grounds will cost \$300,000.

Ordered Papers Results in Discovery of Loss

Linked With Similar Series in District

(EXCLUSIVE DISPATCH) NATURA, Feb. 5.—Securities at between \$40,000 and \$50,000, signed checks valued at \$300 and a dozen blank checks were stolen from the office of the Ventura Manufacturing Implement Company on Front street between 5 p. m. and 7 a. m. this morning.

The theft was discovered by George H. book-keeper at the Ventura and Warehouse Company who investigated the source of the stolen papers. The company's name, he had found thrown away the warehouse of the Southwestern Milling Company office.

APERS STEW FLOOR Investigation he found the Ventura Manufacturing Implement Company office open and papers thrown about. That the burglary work of a professional security guard is the opinion of the Ventura Manufacturing Implement Company. A complete list of the stolen papers, as they consist of notes taken from agricultural cases of deferred purchases of farming implements.

DOOR PANEL SMASHED A man was gained to the office, smashing the glass panel of the door making it possible in the spring lock on the inside. The safe in which the notes kept was not locked, and the sign to that effect. That the burglar made his getaway on the indicated by the fact that the safe and other papers of the company were found scattered along the Southern right of way.

When in the robbery is caught a man seen on two occasions near the plant, one of the same nature as the robbery in the Ventura Santa Paula district. The Ventura Manufacturing Implement Company is the second at the office company within less than a

Opening

Walnut Acre Farms

TOMORROW, SUNDAY, February 7th

(Postponed from last Sunday on account of Rain)

Between the town of Girard and Calabassas and bounded on the south by Ventura Boulevard (The State Highway) lies the largest single walnut grove in the world. Its long rows of trees reach out across the gently sloping floor of San Fernando Valley for nearly two miles... almost to the town of Owensmouth.

Parcels of One-to-Five Acres

This grove is now offered for sale in parcels of one to five acres. It is planted to three year old trees (Placencia Perfection Bud walnuts).

Walnut Acre Farms is inside the City of Los Angeles but is priced lower than many groves in outlying counties.

A Dependable Investment

Good walnut land is a dependable investment. The trees require almost no care and yield a sure and substantial income. And the trees live and produce to an age of one hundred years and more. In addition, the owner can realize handsome profits from lima beans or other crops. In the last three years the bean crop on Walnut Acre Farms has averaged annually about sixteen hundred pounds to the acre, or \$168.00

Rich Soil

Strategic Location

The soil of Walnut Acre Farms is as rich as any in the Valley. For production purposes one acre is as good as another. The variance in price is determined by proximity to the boulevard and the consequent increase in values which the natural growth of this district will bring.

FACTS about WALNUTS

1500 lbs. per acre per year (which competent man may hope to obtain) net \$173.05 per acre.

Not infrequently, groves have yielded 2000 lbs. per acre or an average net of \$242.40 per acre.

Sometimes single trees will yield 800 lbs. of nuts. (There are 12 trees to the acre.) Beans planted between the trees should bring an average of \$162 or more per acre.

The food value of one pound of English Walnuts equals that of eight pounds of steak.

Abundance of Pure Aqueduct Water for Domestic Use and For Irrigation

There is an abundance of cheap aqueduct water, ideal for domestic use as well as irrigation.

In the company that is developing Walnut Acre Farms are a number of the foremost business men and capitalists in Southern California.

This company plants the trees, brings them to bearing and cares for the groves up to this time at no cost to the purchaser.

Small Down Payment and Easy Terms. No Interest for Three Years

The land is to be sold for a small down payment, balance on convenient terms—and no interest will be charged on deferred payments for three years.

Phone Now for Free BUS Seat Reservations

This is one of the very few remaining opportunities of its kind in Southern California. In fact, we know of no other offer that can be compared with it, everything considered. We invite you to see these groves and form your own opinion. Come out as our guest in one of our big comfortable busses. We promise you a delightful trip, a pleasant day and an appetizing luncheon. You will not be obligated to buy.

Busses leave Los Angeles daily at 9:30 and 10:35 A.M. Sunday at 9:30 and 10 A.M. Phone TRINITY 4811 or call at branch office. Or if you prefer, drive out Ventura State Highway. The property lies just beyond the Town of Girard on the right side of the boulevard. Phone now for free seat reservation.

NOW is the time to ACT

One thing you can be sure of—these groves at these prices and offered under these conditions will be snapped up in a hurry. If you are interested, do not delay. Act Now and avoid disappointment.

CHINA MENACE SEEN IN ORIENT

Teeming Millions May Prove
Irresistible

Indo-China and Malay States
Feel Their Force

Greatest Conquerors Unable
to Stamp Out Empire

(Tokyo, Feb. 5.—When the skyline of the future is scanned for dark portents, Japan usually looms up as the menacing specter. But it may well be asked whether greater menace does not lurk in that huge, amorphous, impermeable mass of 400,000,000 people which we know as China.

The fear of Japan is due largely to the fact that she may strike suddenly with the lightning she first learned from the foreigner. When she turns her power and its expansion, we find a striking contrast. With no thundering guns to open the gates; with no governmental support or encouragement; with no assurance even of governmental protection, quietly, insidiously, patiently and ceaselessly the millions of China go teeming forth in a steady stream, ever growing, ever swelling, ever multiplying and finally inundating, engulfing, obliterating.

Indo-China and the Federated Malay States tell the story. There for the natives, the hand-writing is on the wall. They are perishing. China is pressing them to the wall. And this is only an outpost of China.

In the Philippines the footprints on the sands of time are full of foreboding—so much so that Filipino legislators are seriously discussing an "exclusion bill" regulating Chinese immigration to those islands. For those who cherish the hope of a Filipino people, maintaining its racial and national identity and escaping the sad doom of extinction, of a people with a great and glowing future before it in islands that will be the envy of the world when developed, these are days of ill omen.

This is no preachment for the retention of the Philippine Islands

She says the animals in Algeria, especially the donkeys, suffer from fly bites on their legs. Worn-out stockings will be used to keep secure bandages on the legs of the beasts.

by the United States and having Uncle Sam enter the arena. But today the only barrier between the Filipino people and the slant-eyed, industrious and hungry hosts which warm over a narrow stretch of sea, is the eagle of the American Eagle, the prestige of the Stars and Stripes.

The Chinese are a great and wonderful people. They have learned how to build an empire on the ruins of a nation. Alexander's Macedonian phalanxes disappeared and with them the last vestige of the domain of the Ottoman empire has shrunk to almost invisibility; the British Empire seems doomed; Japan will disappear—but the inscrutable "heavenly Chinese" has learned the secret of imperial permanence. They do not conquer; they absorb.

ABORIGINAL INDIAN DATA PRESERVED

Scientist Now Exploring
California-Village Sites
With Aged Guides

(BY A. P. NIGHT WIRE) WASHINGTON, Feb. 5.—Rare data concerning the aborigines of the West Coast are being "rescued from the brink of the grave" by J. P. Harrington, ethnologist of the Smithsonian Institution, now exploring ancient village sites in California.

Mr. Harrington, whose discovery two years ago of the skull of the "Santa Barbara man" revived the question of the antiquity of man on the American continent, has found several Indian guides, all near or beyond the century mark in years, who possess authentic information of the old sites discovered. The scientist has reported to the institution "that there is no one else that knows even a fraction of the data being supplied by his feeble guides."

In places, he said, the village sites apparently had not been discovered since Indian times, the old hut circles being found on the ground. These circles, formed of rocks or raised earth that marked the walls, "are as fresh as if the place had been abandoned yesterday."

University Men
at Missouri in
War on Drinking

(BY A. P. NIGHT WIRE) COLUMBIA (Mo.) Feb. 5.—Fraternity men have joined with women student leaders and officials of the University of Missouri to stamp out drinking on the campus by the student body as the result of publicity given the suspension of Harry R. (Pete) Jackson, captain-elect of the Tiger football team, under resolution adopted by the presidents of fraternities, each fraternity thereafter will have a representative at social functions to report cases of drinking.

The women's self-government committee also will work actively to dry up the campus, informing university authorities of students who use liquor.

While alumni leaders in several cities over the State protested against the suspension of Jackson by Dr. Albert K. Heckel, dean of men, there was no more than a day that the case would be reopened.

CONDEMNED SLAYERS
GRANTED REHEARINGS

(BY A. P. NIGHT WIRE) SAN FRANCISCO, Feb. 5.—Roy Arnold and Edward K. Sawyer, awaiting execution for the murder of Mrs. Tanamo Ninimbi in Placer county during an attempted hold-up, today were granted a rehearing of their recent appeal by the State Supreme Court. The court had upheld the conviction and sentence of death.

Counsel for the men contended in his petition for the rehearing, that he had new evidence on which to base his plea. The court decided to give him an opportunity to present it.

Sawyer resided in San Francisco and Arnold in Sacramento.

CHILE AND PERU TAKE APPEALS

Ask Coolidge Ruling on
Voter Qualification

Employees of Governments
Subject of Dispute

Commission to be Asked for
Certification

(BY CABLE AND ASSOCIATED PRESS) ARICA (Chile) Feb. 5.—Both Chile and Peru have appealed from the election law adopted by the commission in charge of the coming plebiscite to determine the sovereignty of Tacna and Arica. Both appeals which are directed to President Coolidge as arbiter, have to do with qualification of voters for the plebiscite.

The Peruvians were the first to act, deciding that the question of qualification was too important to give it to pass without appeal to the highest authority.

The Chileans appealed only after the Peruvians had done so, as they had decided yesterday that although they would like final rulings on certain points, they would not be alone in appealing.

It is expected a meeting of the plebiscitary commission will be called upon for certification of the appeal.

It is understood that Peru objects to the decision of the commission to include among the qualified voters the officers of the Arica-La Paz Railroad and other workers for concerns subsidized by the Chilean government. The Peruvians contend that this violates the provision of the award dividing the employees of either government. More than 1000 votes are involved.

The Chileans, it is understood, object to the disqualification of employees and municipal employees, including teachers, postal and telegraph workers, which the Chileans say are not political or fiscal appointees.

Surgeon Finds Napoleon Not Cancer Victim

(BY CABLE AND ASSOCIATED PRESS) LEEDS (Eng.) Feb. 5.—Napoleon the Great did not die of cancer, declared Sir Berkeley Mornihan, widely known surgeon of Leeds, addressing the Leeds Luncheon Club.

"I have had the opportunity of examining the viscera of Napoleon and found that there was absolutely no trace of cancer," he said. Sir Berkeley referred to the increase of cancer of the tongue. This, he said, was caused chiefly by smoking, and added:

"At the present time women are almost exempt from cancer of the tongue, but I think they have a future in that direction in view of the rapid spread of the smoking habit among girls, their mothers and aunts."

Detrick Coming Here to Check Seaboard Books

(BY A. P. NIGHT WIRE) SAN FRANCISCO, Feb. 5.—State Insurance Commissioner Detrick left for Los Angeles today to conduct a personal investigation of the books of the Seaboard Casualty Company, asserted to be short \$50,000 in its accounts.

The Seaboard company, according to Detrick, is closely allied with the Union Indemnity Exchange of California; with offices here, now in the hands of the insurance commissioner as insolvent, with a shortage of more than \$130,000.

C. P. Summers, head of the two companies, has been missing since the latter part of December.

Rubber Shrubs to be Planted in California

(BY A. P. NIGHT WIRE) NEW YORK, Feb. 5.—George C. Carnahan, president of International Rubber Company, is traveling to California to inspect the planting of 200 acres of the company's properties in that State with the rubber-bearing guayule shrub from seed beds prepared last year.

The company produced and sold at a profit last year more than 3,000,000 pounds of rubber from wild guayule in Mexico.

(EXCLUSIVE DISPATCH) STOCKTON, Feb. 5.—In an address here at the fifth annual inaugural banquet and ball of the California Real Estate Association, Harry H. Culver, president of the California Real Estate Association, sounded a keynote of prosperity in California.

"We are continuing to smash all records, and 1926 is going to be the banner year of all," he declared. "What really men in the world have a greater opportunity to build their business on the stable base of permanency than we in California," he asked. "The trouble with the California reality men is that he is caloused—caloused with opportunity, spoiled."

Mr. Culver was accompanied by Glenn D. Williamson, State secretary; William E. Herren of Chicago, national director of State Real Estate Commission; and Thomas McManus, State director, of all whom were speakers. Mr. Culver installed the officers of the Stockton and Lodi realty boards.

Approximately 175 real estate men with their families and friends were present.

Mr. Culver and his party were guests at a luncheon tendered by the Lodi Realty Board in Lodi. Tomorrow they will be entertained at luncheon in Woodland and at a banquet in Sacramento in the evening.

PLANT MAY BE ENLARGED

(EXCLUSIVE DISPATCH) DOUGLAS (Ariz.) Feb. 5.—Enlargement of the local electrical plant is contemplated by the Arizona Edison Company, which recently took over the Douglas public utilities. President E. J. Condon, a recent visitor, states that the company may extend its lines northward, through the Sulphur Springs Valley, to furnish electric power for irrigation pumping.

Takes Part in Annual A.A.U. Relay Event

Hubert Houben to Return to Germany Next Week

(BY A. P. NIGHT WIRE) NEW YORK, Feb. 5.—Adrian Paulen, Holland's middle distance star, who made his American indoor debut at the Millrose games last night, arranged today to compete in twelve additional meets which will take him from coast to coast as well as to Canada.

Houben's permit expires with his competition in the Boston A. A. meet tomorrow night and he is booked to sail for Germany February 11.

Paulen's transcontinental tour is subject to approval by Dutch athletic authorities, but this is expected to be a formality.

He will conclude his tour by making a special trip from the East to Houston, Tex., to compete in the Rice institute relays on March 25 through friendship for the Rice track coach, Ernie Hieberg, who trained Paulen as well as Holland's other athletes for the 1924 Olympics.

The intervening dates fixed for Paulen follow: February 10, Newark A. G.; 11, Crescent A. C., Brooklyn; 12, Wilco A. A., Brooklyn; 13, Southwestern Association A.A.U., New Orleans; 14, Southern Pacific Association A.A.U., Los Angeles; March 4, University of Iowa; March 6, National A.A.U. championship, Chicago; 8, Michigan Association A.A.U., Detroit; 16, Knights of Columbus, New York; 20, ninety-first A.A.A., Hamilton, Canada.

Senior League Club Owners Favor Increased Salary, Term for Commissioner

(BY A. P. NIGHT WIRE) NEW YORK, Feb. 5.—National League club owners not only favor renewing Baseball Commissioner Landis's term of office for a ten-year period when his present contract expires in 1927, but they also desire to increase his salary, now \$50,000 a year.

The magnates did not go on record on the salary question at their midwinter session yesterday when they gave the commissioner a vote of confidence, but William L. Veeck, president of the Chicago Cubs, was quoted today by the New York Sun as saying that "Landis can write his own ticket so far as the National League is concerned."

LOMSKI AND WALKER TO MEET HERE

Welterweight King Will Face Aberdeen Assassin at Vernon March 23

Mickey Walker is on his way to California and will meet Leo Lomski, the Aberdeen assassin, at Vernon March 23. The welterweight title will not be at stake, but Lomski, who is a middleweight, will be required to come at 155 pounds or less.

This match was made yesterday by Hayden Wadhams, who signed the welterweight battle to a contract just before he left for his home in Aberdeen.

Walker is due here with his manager, Jack Kearns, next Friday. The Lomski bout will be one of three which he plans to make in the West.

As a result of Lomski's willingness to meet Walker, the Vernon management valued collection of the \$750 due it when Lomski called off the bout with Collins at Vernon next Tuesday because of a bum eye.

Ted Moore, the stomach-slashing Briton, who gave Harry Greb an unpleasant ten rounds, takes Lomski's place in the list against Collins.

In the new contract which Lomski signed yesterday it is stated that in case of a mix-up in the Walker match the northwestern will make either Bert Collins or Jack Malone of St. Paul.

SUZANNE GOING TO PLAY HELEN

Women Net Stars Finally to Clash in France

Seeded in Opposite Halves of Carlton Tournament

Langlen Playing in Top Form in Nice Matches

(BY CABLE AND ASSOCIATED PRESS) NICE, Feb. 5.—The announcement that Helen Wills and Suzanne Lenglen are certain entries in the women's singles in the Carlton tournament at Cannes, opening next week over-shadowed all other tennis developments today.

The announcement eclipsed even the French champion's impressive defeat of Mrs. R. E. Haylock of England without the loss of a game in the Nice tournament.

It is generally conceded that the American and French champions will meet in the Carlton final, since they are seeded in different halves of the draw. The experts, therefore, have revived their interest in figuring the relative chances of Helen and Suzanne by comparison of their opponents.

A new opportunity for this was given today by Mlle. Lenglen's 6-0 defeat of Mrs. Haylock, the player who forced Miss Wills to extend herself to win at 9-7, 6-2 in the Gallia tournament last week.

Her opponent, the French girl gave her opponent no rest in every department of the game. Although M. Radcliffe and Miss N. D. Platt, a veteran English doubles team, in three sets, 8-6, 4-6, 8-6.

Mlle. Lenglen just now is playing in the best form she has displayed for years, according to the tennis experts here. She has acquired more pace in her shots, and the game in which she ever considered relatively weak. She is an overwhelming favorite in her expected meeting next week.

Tonight as high as seven to one against Miss Wills was offered with no takers.

Mrs. Mallory Pairs With Miss Browne to Cop Match in Heights Casino Play

(EXCLUSIVE DISPATCH) NEW YORK, Feb. 5.—Mrs. Mollie B. Mallory and Miss Mary K. Browne, who were seeded in first place, won the women's invitation doubles tournament at the Heights Casino, Brooklyn, this afternoon, by conquering Miss Martha Bayard, who scored a triumph over Mrs. Mallory in the singles yesterday, and Mrs. J. Dallas Corbier of Boston in straight sets, 6-4, 6-1.

A half-hour before the doubles went on Miss Browne entered the final round of the singles tournament by triumphing over Mrs. Corbier in the semifinal round, 6-3, 6-4.

Miss Bayard and Miss Browne will clash tomorrow afternoon at 2 o'clock in the final of the singles tournament.

"CONGRATULATIONS, NIBS"

Or something to that effect, said Bert Griffin, California grid captain for 1926, as he shook hands with Clarence "Nibs" Price, new coach of the Golden Bears. The story goes that Price really gave Griffin his first chance on the Bruin varsity as the two ought to get along pretty well next fall.

REDSHIRTS WIN BY BIG SPURT

Stanford Five Trails at Half, Score Being 16 to 13

Injection of Regulars Pulls Game Out of Fire

Clark, Price and Jayred Are Bright Stars

BY BRAVEN DYER

Rushing his regulars to the rescue when the Grizzlies assumed a 7-point lead soon after the opening of the second half, Andy Kerr, guiding hand of the Stanford University quintet, pulled a game out of the fire at the Olympic Auditorium last night while a crowd of approximately 3000 fans looked on in amazement.

The Redshirts, by their magnificent court, thumped the local University of California teamers, 32 to 29, thereby reversing a decision which the Fernmont-avenue players had gained in the north a few weeks ago.

Kerr's strategy, for such it was, saved what looked like a lost cause for Stanford. The "Little Giant" started his shock troops against the Grizzlies, evidently figuring to save his heavy artillery for tonight's return game with U.S.C. The reserves did very well, but a couple of spectacular baskets by Horace Browne and Bill Goertz allowed the locals to leave the court with the long end of a 16-to-13 count at the end of the first session.

The Stanford mentor evidently decided the subs had performed unsatisfactorily for he did not bother to remove them when the second half dawned. It was a different matter in a few minutes, however, for in that space of time the Grizzlies ran the clock to 23 to 17 and loyal Stanford supporters were beginning to wonder whether Kerr ever intended to give the regulars a shot at the evening's activity.

Just at this juncture Kerr decided things had gone far enough and Capt. Fred Price, Bill Clark, Louis Vincent and Billy Jayred shed their helmets and dashed in to the fray. The Grizzlies scoring stopped immediately, if not sooner. In the twinkling of an eye the Redshirts changed the entire complexion of things, scoring

OXY NOSES OUT REDLANDS

Bengal Quintet Defeats Bulldog Cagers, 27 to 22, After Extra Period; Wheeler Stars for Victors

Occidental won its first conference game last night at Franklin High, defeating Redlands, 27 to 22, in a basketball game that required an extra period for the final decision.

The contest ended at the regular length of time with the score at 20 to 20. Wheeler, Mishkin and Haserot all scored in the extra period. Wheeler was the big star of the tilt for the winners, making ten points. One of his baskets came in the last few seconds of the second period, putting Oxy in the lead. Jeffers came right back to tie the score, however.

Lund, a substitute, was the star of the Redlands quiet, featured in the second period, throwing three successive baskets, and making eight points in all.

Oxy's teamwork was very poor, and the basket throwing was surprisingly inconsistent. The line-up:

Occidental (27): Wheeler (10), Haserot (8), Lund (2), Jeffers (2), Goddard (5). Redlands (22): Lund (10), Wheeler (4), Haserot (4), Jeffers (2), Goddard (2).

SCORE BY QUARTERS

Occidental: 1st 6, 2nd 6, 3rd 6, 4th 9. Redlands: 1st 5, 2nd 5, 3rd 5, 4th 7. Substitutes: Occidental: 6, 14, 2-22. Redlands: 10, 10, 2-22. For Redlands: Lund (8), Goddard (2).

GILMORE OIL FIVE TAKES LEAGUE FLAG

The Gilmore Oil Company hoop quintet collected premiere laurels in the Petroleum A. C. League last night, trouncing the California Petroleum, 33 to 11, in the final game of the season. Neither team had previously been defeated. At the half, Gilmore was leading by a 12-to-10 margin. Hawkins, forward, featured with 14 points for the winners. The score:

Gilmore (32): Hawkins (14), Moore (8), Gilmore (10), Moore (5). California (11): Kistler (4), Phillips (4), Corbier (4), Cline (1), Burns.

OREGON BASKETEERS MOP UP IDAHO FIVE

Long Beach High School, anxious to produce track teams as efficient as the long string of football machines turned out at the Jack-rabbit institution, started out with an interclass meet and a monster rally yesterday. Dean Cronwell, U.S.C. track coach, and numerous other runners were guests at the morning rally.

Weldon Draper, the Texas Flash on the fresh track team, ran an exhibition 100 yard dash, negotiating the distance in .10 flat, remarkable time for this early in the season. Johnny Parsons, a regular 220 man, furnished the competition, finishing a shade behind the leader.

Ferry Niersbach surprised to win the 350 in all his best form. Other runners performed for the benefit of the high school aspirants.

High RecordNEW YORK, Feb. 6.—Heavy
week-end profit-taking by professional
traders checked the upward
movement of prices toward the
close of today's stock market, but
not until about half a dozen shares
had attained record high levels.
Closing quotations disclosed con-
siderable irregularity with total
sales again exceeding 1,300,000
shares.

The weekly mercantile reports
report little change in the trade
situation. Bradstreet's states
"business seems to be moving for-
ward on an even keel, with but
slight variation of pace and nothing
in sight to cause alarm to the
average merchant or manufac-
turer." Dun's reports "the pres-
ent lack of further growth of busi-
ness in some directions does not
lessen confidence in the situation
generally."

Some of today's selling prob-
ably was inspired by a desire on
the part of labor operators to re-
duce commitments, pending pub-
lication of the stock exchange
figures on broken loans which are
expected after the close tomorrow.

BUSINESS PHILOSOPHY

BY WILLIAM FEATHER

NOTHING promotes the feeling of brotherly love among the owners of a business like a satisfactory monthly profit.

Queer things are always happening to queer people. Save while you're young—aren't you glad your rich grandfather saved when he was young?

When a 2-year-old debtor finally pays his bill the money seems like "pure velvet."

A horse will do a better day's work if you drive him with a loose rein—and so will a man.

QUOTATIONS FOR COTTON SLIDE BACK

Reaction Shows Flurry of Previous Day Due to Covering Movement

(EXCLUSIVE DISPATCH)
NEW YORK, Feb. 5.—Today's trading in cotton and the action of the market proved that yesterday's flurry of activity and the rise of 20 to 30 points from Wednesday's closing were mostly a covering movement by a few big local and southern shorts.

Liverpool made a good response to the advance, with spot there going up 20 of their points to 10.80 for middling and with futures closing with a rise of 5 to 7 cents the day. But there was no further responsive buying by local trade interests and new outside speculative buying which had been expected to develop.

Prices started a few points higher, with March selling at 20 1-2 cents, May 19 3/4 cents, July 19 3/4 cents and October of the new crop 18 3/4 cents with December 18 3/4 cents, but those proved the highest prices of the day. The gradual decline by 2-30 c'clock, reached about 15 points in profit taking and some fresh southern selling. Liverpool houses also turned sellers in balance in putting out some further hedge or straddle operations against purchases there early in the day.

March reacted to 20 3/4 cents, May 19 cents and July 19 1/2 cents, October 17 3/4 cents and December 17 3/4 cents with the volume of business tapering off to small proportions again in the late afternoon.

NOTICIAS MUNDIALES DE ULTIMA HORA

Atendiendo a la importancia que tiene el estudio del español en los Estados Unidos, particularmente en esta gran metrópoli tan inmediata a territorio hispanoamericano, diametralmente aparece en "The Times" una sección española con algunas interesantes noticias de última hora. Tres veces por semana se insertará una lección práctica elemental de castellano, y los lunes encontrará el lector dos lecciones para estudiantes adelantados.

A cuantos deseen aumentar sus conocimientos de español les conviene leer esta columna todos los días.

NOTAS TELEGRAFICAS

Noticias de Washington

WASHINGTON, Febrero 5.—Ha ordenado el senador a la Comisión Federal del Comercio que se abra un expediente de investigación sobre la conducta de la compañía de Aluminio de América.

Ha sido atacado de influenza el señor Magdon, diputado por Illinois.

Se ha echado el senador a votar sobre la moción del senador Copeland sobre el asunto de la huelga.

Las comisiones del Senado y de la Cámara han trabajado simultáneamente en las cuestiones de aviación.

Se ha anunciado que el senador tendrá sesiones nocturnas para seguir estudiando el proyecto de ley de ingresos.

Se ha anunciado la construcción de la vía férrea de Occidente.

(TUCSON (Arizona) Febrero 5.—El señor H. B. Titcomb, Presidente del Subpacífico de México, manifestó que, no obstante que los trabajos de la vía férrea en construcción ya no están tan adelantados como se esperaba, el enlace con Guadalupe no podrá ser terminado antes de fin de año.

Los temporales han causado muchos desperfectos, y ha sido necesario balastar varios centenares de millas de vías que ya están funcionando a lo largo de la costa occidental. Ha sido de lo más duro el trabajo de construcción en la nueva línea, particularmente en el tramo de veinte millas de barranca, donde hay terraplenes hasta de 300 pies de altura, y talos hasta de 250 de profundidad. Los trabajos de la vía tienen un desarrollo total de 24,000 pies, de los que ya hay construidos más de 14,000.

Créese que se empezará a trabajar en terminar todos los trabajos que existen en proyecto para el porvenir.

Más de Treinta Mató la Tormenta en el Este

NEW YORK, Febrero 5.—El estudio que se hizo hoy de todo lo ocurrido en la zona abarcada por la tormenta de ayer, revela que hubo más de treinta muertos causados directa o indirectamente por el temporal.

En la Nueva Inglaterra murieron seis por haberse quedado a la intemperie y por haber sufrido de accidentes de tráfico de otra clase; ayer quedaron muertas ocho personas cuando se derrumbó el muro de una fundición en New Britain, Connecticut, a causa del peso de la nieve que había en el techo; ocho más perdieron la vida en el mar. Cinco perecieron en Nueva York y tres en Nueva Jersey, amen de otras muertes ocurridas en diversos otros puntos, según noticias recibidas.

En todas las vías de comunicación hubo retardos o completa interrupción.

NOTAS LOCALES

Hubo una Verdadera Refriega en los Funerales de Bárbara La Marr

Varios miles de personas lucharon ayer tarde desesperadamente con los retenes de la policía, frente a la funeraria de Walter C. Blue, calle de Washington Oeste, 717, por tal de lograr entrar en el atado de Bárbara La Marr, que salía de la capilla de la funeraria citada, para emprender el viaje definitivo hacia la fosa.

Durante la refriega se desmayaron cinco mujeres, y merced a los inauditos esfuerzos de los guardias, pudo evitarse que las planetas se multaran.

Cuando los restos de la señorita La Marr fueron colocados en la carroza fúnebre, la muchedumbre perdió todo freno y se abalanzó hacia el cortejo. Quedó apedreada más de quince minutos el tráfico de la calle de Washington Oeste, mientras la policía procuraba restablecer el orden.

Individuo Acusado de Tiro

W. Winder Scott, presunto timador, compareció ayer ante el juez Russell, en el Juzgado Municipal, para responder de una acusación de estafa.

La señora Sada McClymont, viuda manifestante que Scott le dijo que una compañía en la que él y su madre tenían fuertes inversiones, iba a quebrar por falta de \$20,000, y la persuadió que pidiera prestados \$600, garantizándolos con pagaré, y se los facilitara a él. Después le volvió a sacar \$600 más en varias partidas para ditas inversiones, que no hizo, según la timada ha podido averiguar. Ha sido acusado el estafador por el teniente fiscal Kennedy.

Canada's exports last year were more than \$150,000,000 larger than in 1924.

ASK FORMATION OF NEW COUNTY

Northern Section of Orange Launches Plan

District Would Also Take in Whittier Area

'Valencia' Name Offered for Territory and Town

(EXCLUSIVE DISPATCH)

ANAHEIM, Feb. 5.—Formation of a new county to embrace the citrus district of Southern California with a geographical center near La Habra was proposed here last night by a group of prominent business men representing the district and steps were taken to proceed with the plan.

For some time it has been felt that Northern Orange county's interests, tied up as they are in the development of the Valencia orange and other citrus crops, are at great variance with the interests of the southern part of the county. The new county, for which the name city and county of Valencia has been proposed, would aggregate the citrus growing industry from the cattle, bean growing and maritime interests of the remainder of the present Orange county district.

It was asserted that the northern part of the county, which has been regarded as the county pure, with the purse strings in the hands of the remainder of the county. Adequate representation for the district at the Courthouse has never been a fact, it was stated, even though the major portion of the county taxes are raised by levies on Northern Orange county property. The new plan would take part of its support from Los Angeles county, and the proposed boundaries of the new county would include Whittier, which is reported ready to join the scheme.

Whittier is reported to have been dissatisfied with its position in Los Angeles county. Its interests are identical with those of Northern Orange county, as are its industries. The territory included in the proposed city and county of Valencia would make up of the most western counties in the State. Its annual citrus crop returns would approximate \$14,000,000 while its oil resources would exceed this slightly. By formation of the new city and county, it was pointed out at the meeting, taxes would be lowered materially. It was further pointed out at the meeting that the southern part of the county wants a harbor while the northern part is not more than lukewarm to the project. The division would leave a solid district favoring the harbor, and the port project likely could be forwarded with little opposition. Plans for the new county will go forward rapidly as possible, unless some unforeseen contingency arises, it was agreed at the meeting.

Rumania Events Serve to Break King Ferdinand

(BY CABLE—EXCLUSIVE DISPATCH)

VIENNA, Feb. 5.—King Ferdinand of Rumania is a broken man. He has aged ten years in the last six weeks.

The asserted affair involving Queen Marie and Prince Babu Stirbey has made him the laughing stock of the Balkans, while his break with Crown Prince Carol, dictated by the triumvirate which rules Rumania—Queen Marie, Prince Babu Stirbey, and Premier Bratiano—comes as the most bitter disappointment of his life.

The quarrel between Prince Carol and his royal mother, which was the direct outgrowth of her asserted friendship with Prince Babu Stirbey, and Prince Carol's refusal to accept the policies of Premier Bratiano, had much more to do with Carol's renunciation of the throne than his own love affairs.

DIABETICS! Read This Amazing Letter:

1648 Wilshire Blvd.
Los Angeles, Calif.,
February 1, 1926.

To Wilshire's I-ON-A-CO.,
Los Angeles, Calif.

Dear Sirs:

I am happy to say that I have had remarkable results in my case of Diabetes through the use of the I-ON-A-CO. I showed persistent sugar with the least indiscretion in eating before using the I-ON-A-CO and the diet kept me very weak and feeling half starved. Since using I-ON-A-CO I find I can eat many things which were quite impossible for me before, I can even eat candy and still show no sugar.

I was under the care of noted Physicians of Chicago, Illinois. They managed to free me of sugar, but the diet was so rigid that I never felt in good condition and was under par continually. I am a professional harpist and the loss of strength interfered very much with the practice of my profession. I have long been connected with the well known musical instrument house, the Lyon & Healy Co.

Since using the I-ON-A-CO I am getting back my former strength and eating almost anything I wish but am nevertheless quite without any showing of sugar. I might say incidentally that the I-ON-A-CO has also cured me of a case of long standing Constipation as well as insomnia. The swelling in my ankles has also disappeared. I consider these as very extraordinary things for the I-ON-A-CO to do and am only too glad to give this testimonial.

Yours very truly,

(Signed) Emma G. Biehl,

WOMEN RIOT AT STAR'S FUNERAL

Five Faint in Melee to View La Marr Casket

Thousands in Jam to Visit Undertaking Rooms

Truckful of Wreaths Sent by Film Colony

Several thousand persons fought desperately with police reserves yesterday afternoon in front of the Walter C. Blue Undertaking Chapel, 717 West Washington street, for a view of the casket of Barbara La Marr as it was carried from the chapel for the trip to its last resting place in Hollywood Cemetery.

Five women fainted during the melee and were rescued from being trampled upon only through the strenuous efforts of police officers.

As Miss La Marr's remains were placed in the hearse, the crowd broke all restraint and rushed about the funeral cortège.

TRAFFIC TIED UP
Traffic along West Washington street was tied up for more than fifteen minutes while police attempted to restore order.

Many hundreds rushed into the funeral parlor, although all objects of attraction to the morbid had been removed, even to the last floral wreath.

The crowds began gathering about the Blue Undertaking parlors before 11 a. m. The sidewalks in front of the chapel were roped off.

At 1 o'clock the sidewalk across the street was jammed with curious onlookers.

Many sought roof tops as points of vantage and small boys clung to the tops of umbrellas.

At 2:15 p. m., when members of Miss La Marr's immediate family and representatives of the Hollywood motion-picture colony had been seated, it was decided to admit a few from the crowd.

POLICE EJECT WOMAN
Police were forced to throw themselves against the crowd to prevent a general stampede toward the chapel.

One woman fought so desperately that she was forcibly removed from the crowd by two policemen.

The funeral services of Miss La Marr were conducted according to the ritual of Christian Science. A woman Christian Science reader officiated.

Half of the seats in the chapel were occupied by members of Miss La Marr's family and friends connected with the motion-picture industry.

Among the stars present were Claire Windsor, Bert Lytell, Ramon Novarro, Ruth Roland and Catherine Clark.

The services lasted less than half an hour. The casket was then carried to the hearse by Bert Lytell, Henry Hathaway, Henry Victor, Thomas Gallery, Alfred E. Green and R. D. Knickerbocker.

Mrs. W. W. Wilson, mother of the deceased star, was on the verge of collapse as she was escorted to a waiting automobile.

There were seven machines in the funeral cortège that left the chapel.

A small truck followed, piled high with wreaths. There was a floral offering from virtually every prominent member of the motion-picture industry.

At the Hollywood Cemetery another crowd was waiting. The composed mostly of motion-picture stars and others connected with the film industry.

Many wept as the rose-colored casket was placed by reverent hands in a niche of the Hollywood mausoleum.

CHAMBER IN BATTLE FOR ROAD RIGHTS

Joins Auto Club Fight on Tax Boost Until Equity in Highways Accorded

Determined to oppose an increase in gasoline taxes or motor vehicle registration fees until Southern California is assured a just proportion of the benefits from present revenues, the Los Angeles Chamber of Commerce yesterday aligned itself with the Automobile Club of Southern California in its fight to the finish for Southern California's rights in highway matters.

The chamber's stand was based on a report filed yesterday by David R. Farley, vice-chairman of the chamber's committee on highways. Completion of all highways connecting California with neighboring States before any further increase in taxes is undertaken, is the outstanding demand made by the chamber, which points out that money derived from the 1925 bond issue has been spent and the work for which the issue was voted, has not been completed as yet.

"We are getting sick and tired of having the tail wag the dog," declared A. G. Arnold, secretary and general manager of the chamber, yesterday in outlining the chamber's stand. "More than half the automobiles of the State are registered in Southern California."

INSPECT CAR ROUTE TODAY

Civic Leaders of Hollywood and San Fernando Valley to go Over Pacific Electric's New Cut Off

A preliminary view of the new Pacific Electric subway route from Los Angeles to Hollywood and the San Fernando Valley will be given today to civic and commercial leaders and city officials from Los Angeles, Hollywood and San Fernando Valley communities and business men will be in the party. It was stated, Hollywood's motion-picture colony will be represented by Wallace Berry and Esther Ralston. D. W. Pontius, vice-president and general manager of the Pacific Electric, will head the party.

The opening of the new route will reduce materially the running time between Los Angeles, Hollywood and San Fernando Valley, and will be a boon to the community. The new route will be a cut-off and through the tunnel this morning, inbound from Hollywood and the San Fernando Valley. Tomorrow, the new route will go into actual use, with trains to and from Hollywood and San Fernando Valley communities, picking up the cut-off and through the new bore on set schedules.

The two special cars will leave the Pacific Electric terminal on Hollywood street this morning and proceed over the old route to Hollywood and the San Fernando Valley communities, picking up the invited guests at each stop. They will return by way of the cut-off and through the tunnel at about 11 a. m.

FAITH IN STATE GROWING

S. J. T. Straus, Financier, Says California Securities Rate High Among Eastern Investors

Confidence in California securities continues among eastern investors and the sale of such securities in the East this year promises to exceed that of any other year, according to S. J. T. Straus of Chicago, first vice-president of S. W. Straus & Co., New York bond house, which owns the Ambassador and Alexandria here.

Mr. Straus, who is the manager of the corporation's Chicago branch and in immediate charge of its western branch, arrived in Los Angeles yesterday, accompanied by his family, for a two months' vacation here.

"I am here on business, but solely for a rest, and I know of no other place better suited for that purpose than Southern California," said Mr. Straus.

Left Chicago in a sleek storm and it's a tremendous relief to come out and find the delightful weather conditions prevailing in Los Angeles.

BUSINESS GOOD
Mr. Straus confirmed statements that have been made throughout the country that business is good.

THE red-letter day of my week is the day the English papers come.

This week they contain much that interests me.

TRAITORS' REWARD
For instance, the painful—if somewhat ridiculous—honesty with which the Germans are squaring accounts with the royalties who lost their jobs.

The weirdest of these claims has to do with the Grand Duke Mecklenburg-Strelitz. Although this bird renounced his German nationality in 1914, and fought as a Russian general, he had the nerve to demand 5,000,000 gold marks to renounce his dual throne in 1921. And, strange to say, he got it.

MISTRESS PAID OFF
Now comes the comic opera part:

The frisky young lady who was the Grand Duke's "lady friend" says she ought to get something or other, she demands 20,000 marks on the ground that His Highness had died and left her fat.

Add the German government actually handed her 5000 gold marks as a consolation.

RAGTIME GLORY
It is usual in such cases for the mistress of a grandee to retire with some kind of a title.

As kings with titles to give away are somewhat scarce right now, this enterprising lady hunted around and got a title from the colored party who is President of the negro republic of Liberia.

Judging from the titles in colored secret societies, she's probably "The Grand Supreme Empress," or something like that.

PEEVED AT ALL-HIGHEST
The Germans are terribly sore at the Kaiser.

For two reasons. Because the estimable lady he married goes to the German watering places, high-hatting everybody and calling herself the Kaiserin.

But chiefly are they indignant because the All-Highest is letting a French motion-picture concern make a film of him.

One of the Berlin papers has published a savage cartoon of him. It shows the ex-Kaiser in war lord's uniform, standing on a prop film throne, making a grand gesture with his baton. A spectated photographer in overalls stands in front of him gliding away, while the director bawls out: "More majestically. Your Majesty, more majestically."

SNERS FOR FLORIDA
One of the correspondents of the Manchester Guardian has been investigating the Florida boom; he writes back harsh words:

"This," he writes, "is a gold rush without gold: an oil bonanza without oil. Ultimately the amazing profits will be paid for by the unlucky final owners, who will find there is no market for the lots they have purchased at prices far beyond any possible capitalization of the land's earning capacity."

SELLING TALK MONDAY
Students learning the art of salesmanship at Woodbury Business College will hear an address Monday by C. L. Heiser on "The Knack of Selling." As Southern California sales manager for the A. W. Shaw Co., publishers, Mr. Heiser will give the students a talk on his experience.

SIXTH AND HILL BLOCK PURCHASED

Sun Realty Pays \$2,500,000 Cash for Consolidated, Fixing Value at \$12,000 a Foot

For \$2,500,000 cash, the Consolidated Realty Building on the southwest corner of Sixth and Hill streets was sold yesterday by its owners, Sanford Sachs, G. Albert Lansburg and S. Lansburg, to the Sun Realty Company, according to an announcement made yesterday by J. Elmer, president of the realty company.

The property fronts 150 feet on Hill and 150 feet on Sixth and the deal, Mr. Elmer said, fixes a front-foot value of between \$12,000 and \$15,000 for that locality.

By the purchase yesterday the holdings of the Sun Realty Company, consisting of thirty pieces of realty in the downtown section controlled by building ownership and through lease, will total in value approximately \$60,000,000, and the deal brings the value of the property owned in fee simple and controlled by lease to between \$20,000,000 and \$25,000,000.

The Consolidated Realty Building is a nine-story Class A structural steel-frame store and office building containing 221 offices, 98 per cent of which are rented by tenants, the majority of whom are professional men, such as physicians, dentists and attorneys.

The structure has recently been repaired and renovated and there has been installed four new elevators. The building was bought by the former owners from the Consolidated Building Company, of which David Hamburger was president.

Mr. Elmer said that the purchase was made for an investment.

SEVENTH AND HOOPER LEASE TOTALS \$1,250,000
Involving a total of \$1,250,000 consisting of the cash consideration paid and the rental, a ninety-seven year lease was signed yesterday by Sam Seelig and William Schuchman covering the property located at the southeast corner of West Seventh and Hooper streets.

The lessor is C. W. Croake and the deal fixes a front-foot value in that locality of \$2000.

The property fronts 108 feet on West Seventh and has a depth of 117 feet on Hooper. Located on it is a structure containing ten stories.

The deal was handled for both parties by Harry Grossman of the Grossman Realty Company, aided by Arch Thompson, one of the salesmen in his office.

One only need to visit the larger stores to find all kinds of attractive suggestions for table decorations, place cards and favors for the season's entertainment. It is really surprising how many new ideas can be conceived for making the hearts and cupid and the red, white and gold color schemes.

A dainty refreshment for the children's Valentine party is Vello, the quick-to-make custard. They all like chocolate favor. All Albert Cohn Stores and many other markets carry it.

Red gelatin may be moulded in heart-shaped moulds, and trimmed with whipped cream, for the supper dessert.

CHEF WYMAN'S Suggestions for TOMORROW'S MENU

Breakfast
Grapefruit Royal
Poached Eggs on Toast
Waffles
Milk
Honey Coffee

Dinner
Avocado Cocktail
Chicken en Casserole, Santa Ana
Squash
Browned Potatoes
Lettuce Tomatoes, Alacutia
Brick Ice Cream
Marshmallow Mint Sauce
Milk
Coffee

Supper
Mexican Sandwiches
Iced Mint Cocoa
Avocado Cocktail
For six servings peel two medium-sized avocados and cut in strips the size of thick French fried potatoes, cut the strips in even-sized dice and sprinkle with fresh lime juice; chill in the ice box. Peel and cut in dice two oranges, sprinkle with one tablespoonful of powdered sugar and chill. Mix the fruits, add the strained juice of one orange and serve in cold stem glasses.

CHICKEN CASSEROLE
Heat four tablespoonfuls of butter and two tablespoonfuls of olive oil in a sauce pan, add three young chickens cut in eight pieces each, season with salt and pepper and cook until well browned. Place the chicken in a casserole, add two tablespoonfuls of fried onion, crushed bay leaf, one cupful of peeled and diced carrot, two sprigs of parsley and twelve peppercorns; pour two cupfuls of hot water into the sauce pan, stir and boil up, pour over chicken, cover tight and bake in a moderate oven thirty minutes; skim off the fat and add two tablespoonfuls of flour mixed to a smooth paste with one-third of a cupful of cold water and one canful of French mushroom pieces and stems; cover to the oven and bake thirty minutes. Serve from the casserole.

CAUCUTTA DRESSING
Place in a saucepan one half-tablespoonful of salt, two teaspoonfuls of curry powder, two tablespoonfuls of vinegar, and one-half cupful of olive oil; place over a slow fire, bring to a boil, remove from the fire, set the pan in cracked ice and beat with an egg

BEATER UNTIL COOL Cover plates with leaves of crisp lettuce, lay on the lettuce cold pieces of hot tomatoes and pour over all the dressing.

MARSHMALLOW MINT SAUCE
Place in a saucepan one-half cupful of sugar, bring to a boil and boil three minutes, add a dozen and a half marshmallows cut in small pieces and beat slowly into the stiffly beaten whites of two eggs. Color a light green with color paste or food green and add two drops of oil of peppermint.

MEXICAN SANDWICH
Slightly beat one egg and beat into it one tablespoonful of flour mixed with one tablespoonful of hot, thin cream; place in a double boiler and stir and cook until thick and smooth; remove from the fire and beat in one tablespoonful of butter broken in small bits and two tablespoonfuls of vinegar set in the ice to chill. Mix three chopped pintos with two hard-boiled eggs, one cupful of dry cottage cheese, and one peeled and chopped tomato. Combine the two mixtures and spread between the thin slices of whole-wheat bread. (All rights to reproduce reserved by A. L. Wyman)

Bids Asked on Excavation for New City Hall

Bids on the excavation for the new City Hall were advertised yesterday by the Board of Public Works to be received the 23d inst. The specifications contemplate the removal of about 50,000 cubic yards of earth, although conditions may change this figure.

The specifications set no time limit on the work. Before excavation can be completed, it was stated, North Spring street must be vacated and the utilities company must remove car tracks, poles and conduits.

The Free Public Lecture at the lecture hall of the Philharmonic Auditorium, by Gaylord Wilshire, on "Electro-magnetism and Health," will be repeated tonight at 8:15. "The proof of the pudding is in the eating thereof," has been applied to just about as great a variety of things as any idiom in the English language; but nothing more aptly expresses the attitude of Gaylord Wilshire, in introducing his "Ionaco" to the public. He not only offers you concrete statements from people who have benefited by the use of this remarkable invention, which magnetizes the iron in your body, causing better oxidation of the cells and restoring you to health; but you may take the "Ionaco" treatments free of charge, to satisfy you what it and what it will do for you. Statements come from those who have been relieved of asthma, gout, arthritis, tumor, indigestion, constipation, high blood pressure, eczema, diabetes, cancer and many other ailments. Furthermore, Mr. Wilshire offers free of charge the "Ionaco" to any established hospital which will try it out and publicly report results. Dr. Wilshire lectures every Tuesday evening at 8:15 at the main office of the Iona Company, 821 Commercial Exchange Building, Eighth and Olive. The public is invited. Branch offices are located at 17 Bush Building, Vermont and Wilshire, and 1716 Highland avenue, Hollywood.

Beautiful red satin, heart-shaped candy boxes are more attractive this year than ever. And the red and white heart-shaped mints give the right touch to any kind of Valentine party.

You can select your materials for reupholstering, right in your own home, so they will harmonize with your other furnishings. Call "Yandike 978" and Simek Brothers, 725-727 West Ninth street, will send a representative with samples, to quote you prices, with absolutely no obligation on your part. That's real service!

When entertaining eastern guests who appreciate our common, but beautiful, red geraniums, a charming table may be trimmed for the Valentine party, by making a large red heart and having the centerpieces. You know they will keep fresh a long time without water. A cupid in the center of the heart, may hold the ends of red ribbons leading to the place cards.

An excellent recipe for Nut Bread is on the back of Times Sunday Magazine, Globe A-1 ad.

For the sandwiches—cut slices of bread with a heart-shaped cookie cutter and cover with soft cream cheese. Garnish with heart-shaped cut in shape of arrow, or with maraschino cherries.

For the Valentine dinner, With Cupid for guest. For the daintiest viands. We go on the quest. At Chaffee's we find them. So fresh and so clean. They're fit for Love's banquet. And here, as their queen.

Dainty cupid seals, in natural tints or gold, may close the invitation.

If you want to rent chairs and tables for parties, call Mr. Caman, DR. 1085.

To make a pretty salad for the Valentine party, arrange Castle Cottage Cheese on salad plate in shape of heart, finish edge with tiny triangles of pimiento and place heart-shaped piece of pimiento at top.

At the card party, of course, the game to play is "hearts."

For your Valentine party call at Travaglin's Roma Rotisserie, 1801 West Seventh street, the original home of the cooked food. They will prepare everything for your table ready to serve, such as appetizing canapés, salads, cold meats, chickens, etc. Also their special dishes, spaghetti, ravioli, tagliarini and enchiladas and imported and domestic table luxuries at very moderate prices. They deliver to any part of the city. The Rotisserie is open on Sunday from 9 a.m. to 3:30 p.m. Travaglin's Special Food Shop is just one door west, with continuous service from 11 a.m. to 11 p.m. For further information call WAshington 9873.

Presets are not only the daintiest of flowers for table decoration, but their delicate perfume is pleasing to almost everyone.

Are you worried over family or business troubles? Let Nick Harris help you. Suite 215, Chamber of Commerce Building, ME 1132.

Crepes paper may be obtained in the most beautiful designs of the cupids, hearts and flowers, which is adaptable to many decorative uses. And crepes paper napkins and tablecloths that are beautiful!

A pickle's a pickle, but Peter Piper's rightly seasoned and clean.

You can get napkin rolls for salad sandwiches. You cut off the top and fill them with salad. Then there are the dainty maraschino tarts for party desserts.

Doesn't a rich oyster stew and crisp wafers sound good for today's lunch? Mr. S. Grill, 107 West Market, serves the choicest of the season's foods—American or Italian.

Beautiful cakes, small and large, decorated with hearts and cupid may be purchased already prepared. It saves lots of work.

At the card party, of course, the game to play is "hearts."

For the Valentine dinner, With Cupid for guest. For the daintiest viands. We go on the quest. At Chaffee's we find them. So fresh and so clean. They're fit for Love's banquet. And here, as their queen.

Dainty cupid seals, in natural tints or gold, may close the invitation.

If you want to rent chairs and tables for parties, call Mr. Caman, DR. 1085.

To make a pretty salad for the Valentine party, arrange Castle Cottage Cheese on salad plate in shape of heart, finish edge with tiny triangles of pimiento and place heart-shaped piece of pimiento at top.

LOW RATES LURE MANY SOUTHWARD

Thirty-eight Carloads of Winter Tourists on Way from Northwest

They are being brought here by special excursion rates on the Union Pacific Railroad and the lines it owns that traverse this territory. The round-trip rate from Butte for the excursion is \$45. The ordinary fare is \$75.85. The round-trip fare from Utah points is \$40. Ordinarily it is \$52.50.

The Montana and Idaho excursions, which will comprise at least three special trains, arrives the 13th inst. The return limit on the tickets is April 15, giving the visitors more than two full months in Southern California if they wish it.

The winter advertising campaign of the All-Year Club, said T. C. Peck, general passenger agent of the Union Pacific, "has created a strong California lure. Just as quickly as the additional pull to Los Angeles is created by the lure is created the desire to come. WIDOW TICKLED AND WIFE KICKS

Husband's Asserted Actions as Seen Through Window Cause Spouse of Thirty Years' Standing to Launch \$25,000 Suit and Institute Divorce Proceedings

Mrs. Edith L. Johnston looked through the widow's window and saw the man who has been her husband for nearly thirty years tickling the widow and otherwise comforting himself in manner proper, she related, followed grounds for a divorce suit, according to the complaint she filed yesterday.

As to the widow, Mrs. Frances J. Bowles, she was responding to Johnston's tickling by petting and fondling him, Mrs. Johnston said, and to this matter the wife paid her respects in a suit against the widow Bowles for \$25,000, charging the alienation of Johnston's affections.

At this juncture, Mrs. Johnston said, she walked up to the front door and punched the doorknob. Johnston, she related, followed Mrs. Bowles to the door and informed his wife that he did not care to be bothered by her. These circumstances were related by way of attempted substantiation of crass charges.

MANY SEEK CLUB PRIZE FOR SLOGAN

All-Year Organization Gets Ideas for Phrase to be Used to Boost Coast

The slogan secretary of the All-Year Club of Southern California was swamped with Pacific Coast battle cries yesterday following the earlier announcement that a prize of \$200 will be awarded to the slogan which best sets forth the lure of the Pacific Coast.

The most remote slogan, geographically, came from Bakersfield. A man made a special journey in from Riverside to see that his creation got safely into the proper hands. A score or more of letters were received by special delivery.

Contest rules and specifications are simple. The contest is open to all. The slogan is to be used in the advertising done by nine Pacific Coast organizations east of the Rocky Mountains.

There are two prizes. The first is \$50 and is awarded by the All-Year Club of Southern California. It is awarded for the best slogan submitted to the club. The winning slogan then will be sent to the Pacific Coast Empire Association, where it will be used in the winning slogan from the eight other districts. The one that finally is adjudged the winner will receive the supplementary prize of \$150. The Pacific Coast Empire Association is the name given to the nine coast community organizations, which, united, will give 15 per cent of all of their advertising space to the Pacific Coast as a whole.

Each slogan submitted must be accompanied by the writer's reason why it should be used. The statement must be less than 100 words.

Any person may submit as many slogans and reasons as he wishes. The All-Year Club reserves the right to the unrestricted use of any slogan submitted on payment of \$5 to the person submitting it. The All-Year Club cannot enter into correspondence about the slogans.

The contest closes at midnight the 15th inst.

No slogans will be returned.

ARGUMENTS ON PAROLES HEARD HERE

Members Meet for First Time in Los Angeles to Consider Applications

Board met for the first time in Los Angeles yesterday in accordance with their new system of hearing applications for paroles at convenient points in the State. The method is designed to save relatives and friends of prisoners seeking parole the trouble and expense of making the trip north to present their case. Monthly meetings will be held here, it was stated.

Yesterday afternoon the board, meeting in Room 1121 in the Sun Finance Building, Sixth and Olive streets, interviewed friends and relatives seeking paroles for prisoners in San Quentin and Folsom. The hearing will be continued today.

UNEXPECTED 'ACTS' LIVEN FILM FROLIC

Strike of Caterers, Insults to Chorus Men, Near Riot Feature Wampus Ball

Several acts were staged at the Wampus frolic at the Shrine Civic Auditorium which were not on the elaborate program, according to reports yesterday. Walters went on a strike, members of the "Student Prince" chorus were insulted, and a squad of police nearly caused a riot when they sought to eject a scantily clad young woman and her escort from the floor for improper dancing, rumor had it.

Walters employed at a catering concession struck a few minutes after the affair started, according to the Nick Harris Detective Agency, but this was settled except for intermittent fist fights among the employees. There were rumors yesterday of civil action by some asserted creditors of the caterers, and of action by some employees before the State Labor Bureau.

One employee of the caterers appeared yesterday at the office of the bureau, according to Miss Jean Salisbury, and threatened action. Charles B. Hazelbaker, Wampus chairman, said the organization is not involved in the contract for the concession having been sold.

In addition, according to Douglas Leavitt of the "Student Prince" chorus, who was in charge of the male chorus of forty-six voices, the chorus arrived late and was unable to appear on the stage in the theater. When an attempt was made to appear in the balcony there was difficulty in getting the crowd back from the platform.

A group of rowdies began making slurring remarks about members of the chorus. Mr. Leavitt said that the police would blow at a member of the chorus. Several policemen came to our aid, and after a number of the trouble-makers had been ejected everything went off pleasantly.

All in all, the affair of the motion picture publicity men was voted one of the most successful in Wampus history.

OLD JAIL TO BE EMPTIED TOMORROW

Men and Women Prisoners to Number of 903 Will be Taken to New Quarters

Nine hundred and three prisoners will be transferred from the old County Jail to the quarters in the new Hall of Justice tomorrow, it was learned last night.

The new jail, which occupies the five top floors of the new Hall of Justice, will be in charge of the women. The transfer of the women is expected to take about half an hour.

SAN GABRIEL WOULD KEEP FAMED PLAY

Chamber of Commerce to Investigate San Fernando's Bid for Mission Pageant

San Gabriel views with alarm the prospect of losing the famous Mission Play by John Steven McGroarty. It was learned last night.

A proposal to move the play to San Fernando has been made by interests there, according to a recent announcement.

"We are considerably agitated by the report that the play might go elsewhere," Secretary Fernholm of the San Gabriel Chamber of Commerce said. "We have sort of grown up with that play here, and have it go away would be a very serious thing for us."

"We may have a special meeting soon to see what can be done about it."

The play has been produced for fourteen years in a playhouse in San Gabriel and besides being an attraction of considerable appeal to natives is a considerable tourist attraction, its fame having spread over the entire country, linking the name of San Gabriel with it.

For some time the play organization has been trying to finance new quarters and now interests at San Fernando are proposing to provide a site and raise money to build a theater building for the use of the players if they will put the famous production on in the city.

First reports stated the explorer was ill with pneumonia.

CORBIN GIRLS' MOTHER LAWSUIT DEFENDANT

Mrs. L. E. Corbin, mother of Virginia Lee Corbin and Ruth Corbin, was made defendant yesterday in a suit filed in Municipal Court by Florence G. Marshall.

The suit is for \$171 for medical services declared to have been given to the two children. It was filed by Attorney F. Walter Brown.

The Zenith of the Airwaves and Don't Forget the Zenith of the Heart

446-45 SOUTH BROADWAY, Los Angeles, California

If you want to experience the thrill of fine radio reception—listen in with a Zenith. This is the finest month of the year in which to test out the various makes of receivers, and you'll find Zenith delivering for you the same kind of service that caused the intrepid Arctic explorer MacMillan to choose it for intercommunication between his ship and civilization.

And here is another test, if you are a musician: When music is coming through on a program play right along with the Zenith, using your violin, your piano, or whatever you play. This is the greatest way to discover distortion, and you'll never find a Zenith bringing in music in any other way but the way it's played.

Your nearest Zenith dealer will be glad to demonstrate—TODAY! Preferably in competition with some other set.

Sardine Case Injunction to be Continued

Agreement to continue a temporary restraining order pending a constitutional test was reached at a hearing before Judge Shaw Thursday on injunction proceedings brought by the State Fish and Game Commission against the Pacific Marine Products Company, Inc., of Los Angeles.

The proceedings are based upon an order of the commission requiring the production of fifteen cases of the "pound oval" size of hardies to the ton of whole or raw fish.

The constitutionality of the law, which is designed to protect the sardine from overfishing and to prevent the preserving of the fish for food to be subordinated to the manufacture of by-products, will be tested by some of the fish canners who were parties to its passage, it is said.

Present
 BY KYLE
 "EXCLUSIVE"
 WASHINGTON, Feb. 10.—The communication from Mexico regarding the proposed canal across the Colorado River, including the American Canal, are in progress. Secretary of the Interior William B. Hays, who is in charge of the communication, today replied to a letter from Senator McNary, chairman of the Senate Committee on Reclamation, in which Senator McNary demanded that the secretary answer in writing the questions relating to the proposed all-American canal. Secretary Hays, in his reply, set forth his reasons for the belief that it is unwise at the present time to proceed with the canal. He stated that Senator McNary had threatened to subpoena him and require him to appear before the Senate committee on the event he persisted in refusal to respond to the Senate committee. Secretary Hays stated that the communication today regarding international negotiations for the Colorado River and canal projects, is appearing before your committee of the Senate on any doubtful matter, if requested, the committee will which I gladly participate. Secretary Hays expressed his opinion on the American canal, except in extension of the committee, is unwise at this time because of international negotiations which are existing concerning the Colorado River and the all-American canal are issues." Secretary did not indicate the scope or scope of the negotiations. Secretary Hays said: "The recent report to the committee on the Swing-Johnson bill, which is being considered by the committee on the alternatives to be considered with regard to the canal and the proposed extension of the canal."
